Insurance & Financial Policy

Please read this page and sign at the bottom. Bring it with you to your first appointment.

Insurance

Please bring your insurance card and a photo ID to every appointment. If your coverage changes, tell us before your visit — a claim filed to the wrong carrier can become your responsibility.

We will file claims to your insurance as a courtesy. Your policy is a contract between you and your insurance company; you are ultimately responsible for charges your plan does not cover.

Copays are due at the time of service. Deductibles, coinsurance, and non-covered services will be billed to you after your insurance responds.

Referrals

A referral is not required to be seen at this practice. Some insurance plans, however, require one for payment. If your plan requires a referral, please arrange it with your primary care physician before your appointment.

Appointments and cancellations

If you cannot keep an appointment, please give us as much notice as you can so the time can be offered to another patient. Testing appointments in particular are difficult to fill at short notice.

Payment

Balances are due on receipt of your statement. If you are having difficulty paying, call the office — arrangements can usually be made, and they are much easier to make before an account becomes overdue.

Signature

I have read and understand the financial policy of Palmetto Cardiology of York County, LLC, and I agree to be responsible for charges not covered by my insurance.
